

**European Fencing Confederation
Confédération Européenne d'Esgrime**

27.03.2008

Information Letter no. 08-2008

Dear Member Federations,

As already mentioned in my report for the Gent Congress the European Masters Games will not have a full program for fencing.

However, we arranged a solution with the Swedish Fencing Club in Malmö (Malmö Fäktklubben av 1919). On 31 August 2008 – at the same time as the European Masters Games - there will be an individual épée competition for women and men – but only 1 (one) participant per sex and per federation!

Please forward the attached informations/rules to your responsible person for veterans fencing in your federation so they can arrange for the participation. Registration has to be done through the federations.

With my best regards,

Max W.F. Geuter
